Dear New Member,

I hope this letter finds you well. I am writing to thank you for allowing Songwriters Portal International, LLC to manage your music. Our priority is to support you and to get your music in front of music supervisors, who are responsible for choosing what tunes go into new TV programs, TV Ads, Motion pictures, and more.

We have been around for about eight years now. We have helped over a thousand songwriters realize their dreams in getting their music signed, distributed, and more. My promise to you is that we will work very hard to advance your music. If you have any questions, don't hesitate to contact us.

To get started:

1. Complete your profile photo and biography.
2. Sign the Music Submission Agreement.
3. Upload your first song.
4. Complete all required metadata.
5. Visit the Help Center for guidance.
